

Cornerstone Society members; those who donate \$1,000 or more annually, enjoy many benefits with their commitment to OPB.

"Ron and I, through our company, Fial Inc., have proudly supported Oregon Public Broadcasting for several years at the Cornerstone level.

Nearly all Oregonians, despite their economic level, have access to a television set or radio. Thanks to OPB they have the opportunity to receive the finest art, drama, music, news, education and local programming that our country and our state have to offer.

This is a priceless educational and cultural resource."
